

Permission Slip for Teen Activities

I, _____, give my permission for my child, _____, to participate in the following teen activity. Teens are responsible for their behavior. If my child's behavior becomes disruptive or unacceptable, I will be called to pick my child up immediately. Any failure to answer the phone and be immediately available could disqualify my child from future participation. I will provide phone numbers where I, or another person responsible for my child can be reached at all times. Should a medical emergency arise, I also give permission for the adult sponsors of the group to obtain emergency medical care for my child until I can be reached. I will not hold MC², its sponsors, or the places where activities are held responsible for any injuries to my child. I understand that certain activities will hold some risk of injury and have educated my child on how to avoid those risks where possible.
